Abdullah Ahmed Ba Hashwan

Front-End Developer

Location: Hadramout - Yemen
Mobile: (+967) 778476752
Email: eng. bingazya@gmail.com
LinkedIn: Abdullah Ba Hashwan

OVERVIEW:

Front-End Developer with a strong understanding of HTML5, CSS3, and Tailwind CSS, and a basic knowledge of JavaScript and React. Recently completed a graduation project aimed at improving and unifying user interfaces using a modern, clean design tailored for educational platforms. Shows a strong interest in UI/UX design, responsive layouts, and consistency across web pages. Committed to continuous learning and eager to apply front-end skills in real-world environments that value clarity, organization, and user-focused experiences.

EXPERIENCE

Graduation Project – Front-End Developer

University Project | 2025

- Worked on designing and improving the front-end interface of a student-teacher web platform.

- Focused on creating a unified, modern, and responsive UI using HTML5, CSS3, and Tailwind CSS.
- Ensured consistency with the university's identity and enhanced the user experience for both students and instructors.
- Collaborated in planning layout structure and improving visual hierarchy based on UI/UX principles.
